Compounds having a substituted amino group in the 1-position, i.e. the group B in the following formula, ##STR2## have been known to show anti-virus activity (Japanese Patent Application Laid-open No. 5-150358). Such compounds may be produced by reacting a compound of the following formula ##STR3## wherein R.sub.1 is a nitro group or a lower alkyl group, and R.sub.2 is a lower alkyl group with a compound of the following formula ##STR4## wherein R.sub.3 is a hydroxy group or a lower alkyl group (Japanese Patent Application Laid-open No. 6-243563). These known compounds, however, may not be satisfactory in the antiviral activity and pharmaceutical activity. Recently, I came across a book called Great Books of Western Civilization. A book of this size and grand scope is a wonderful read. It contains some very old and some very modern books, from St. Augustine to Dante to Solzhenitsyn, but it is best for me to concentrate on some of the books in the middle of the list. The Book of Common Prayer or Book of Common Prayer is a book of prayers written in English. There are several, but the most commonly accepted one is the American one. There is also a Roman Catholic version, The Roman Missal. The book was written by the clergy of England and is the standard prayer book of the Church of England. It is basically a collection of the prayers that were used in the day to day life of England. The History of Western Civilization class that I take, assigns a book to read for the first week of the semester. I chose something that is not a class 2d92ce491b
